The story behind the fundraiser:

When 15-year old Johnny Crater from Bixby saw the devastation in Joplin, MO he knew he had to do something. Johnny contacted his buddies, Jake Fox, and James Darden, plus many other friends who always help him, and together they kicked-off a huge backpack campaign party on 7/16 at Spirit Bank Event Center. . If you are not able to attend we sure could use your help. Joplin, MO kids need backpacks, and school supplies for the 3 elementary schools destroyed by the recent tornadoes. These supplies will help get the kid's lives back to normal and back to school. Extra backpacks and supplies will be distributed to Tulsa kids in need. Besides that, Heart4Heart is attempting to raise enough money to bring some fun back to the Joplin High School District. All of the players and cheerleaders uniforms were destroyed with the tornadoes too. We hope we'll raise enough money to buy them all new uniforms, so the town can celebrate a new beginning on Friday nights! After the fundraiser on 7/16 through 8/8, all Tulsa County fire stations, and Wall-Marts will serve as Donation Stations for the supplies and back packs.
